FACULTY WILL PLAY THE GIRLS

There will be a basketball game at Oahu College this afternoon that nobody ought to miss seeing. The girls' team will play one picked from the faculty and the fair basketballers will certainly make it warm for the mere men players.

The faculty team has to be handicapped the same way as the girls are. They have to wear skirts and shirt-waists and some of them will also have their heads imprisoned in bonnets. It is whispered that the faculty team has been working hard to get in practise, but nobody looks for anything but an overwhelming defeat for them. The game will start at 4 o'clock.

"Not long ago a bootblack asked me to let him shine my shoes. I had always blacked them myself before. I was glad to get rid of the job, and the bootblack's polish was brighter than mine. But in two weeks my shoes were so tight I could hardly wear them. I was told forty years ago that my feet were big enough, and the idea that they were still growing was not at all agreeable. I went back to blacking my shoes myself, and in a few days they were as soft and roomy as ever. The bootblack used a cheap blacking that drew the leather up and made it hard. I have no doubt that many other men have the same trouble with their shoes and do not know what is the matter with them."
